# **ooooong!** *River of no Return* “it’s the river odyssey of 3 characters, a girl and two boys, and their encounter with contemporary art. There are 140 references to contemporary art for 140 meters of canvas.” Sylvie Selig

The maLYON wants to acquire for its collection this huge painting by Sylvie Selig, visitors favourite artist of the 2022 Lyon Biennial of Contemporary Art. And we need your help: we are seeking €100,000!

Each donation enables us to unveil a part of the work: even the artist has never seen it in its entirety, due to its dimension.

**We need the help  
of each of you.  
Thank you for  
your donations**
